

Beginning this year and continuing into the future, the NAECTE Foundation will support two Research Awards—one for Early Career faculty and the other for Established Career faculty. To support these awards as well as the doctoral scholarship and the advocacy award, the membership will need to come up each year with the needed funds.

The Hansen Challenge Grant: The Clock is Ticking!

In addition to their annual support of \$1,000 for a doctoral scholarship, Harlan and Ruth Hansen, long-time Friends of NAECTE, are offering a \$1,000 Challenge Grant as a means of helping us to reach our fund-raising goal of \$5,500 for this year and every year for 10 years. This generous gift will only be available if we can raise the remainder (\$3,500) each year by November 15th.

If everyone who is a member of NAECTE gave something to the Foundation each year, we could easily meet this goal this year and every year. For example, if every member donated \$15, we could easily reach the amount needed for this challenge. All donors would be recognized in the NAECTE Foundation Honor Roll (e.g., Bronze [up to \$25], Silver [up to \$50], Gold [up to \$100], and Platinum [over \$100]), which is published in our membership e-newsletter.

So, let's all participate in this Annual Fund-Raising Challenge and join those who care deeply about NAECTE's success. Supported by your donations over the past 15 years, we have seeded many great research projects. For example, a recently funded study focused on engaging teachers, who worked in high-stakes teaching contexts, in professional development workshops where they examined the norms and practices of DAP and school reform initiatives. The investigator subsequently assessed the impact of these workshops on the teachers' pedagogy.
